

HOW TO USE THE **NUVINAIR** CYCLONE

A Step-by-Step Process Guide

BEFORE YOU BEGIN...

Select the appropriate treatment based on the condition of the vehicle's interior:

Use a NuVinAir **ReTurn** treatment to remove **Mild to Mid-Range odor**.

*Para eliminar **olores leve a medio**, usa un tratamiento NuVinAir **ReTurn**.*

Use a NuVinAir **ReStore** treatment to eliminate **Heavy odor**.

*Para eliminar **olores fuertes**, usa un tratamiento NuVinAir **ReStore**.*

...AND ALWAYS REMEMBER

Don't breathe in the vapors
of the Cyclone treatments.

*Asegúrese de no respirar
los vapores del Ciclón.*

To maintain the Cyclone,
clean after each use.

*Después de uso, enjuaga
el Ciclón con agua.*

Only use NuVinAir branded
treatments in the Cyclone.

*Solo usa tratamientos de la
marca NuVinAir en el Ciclón.*

1

PREP THE VEHICLE

Clean the interior of the vehicle.

Limpia el vehículo interior.

+

Buckle the seat belts and lower the visors.

Abroche cinturones y baja parasoles.

+
